LEAK ADJUSTMENTS

A leak adjustment can be figured once in a 12 month period. It can be for one month or two consecutive months, whichever is applicable. An adjustment will only be given for a leak that is underground and has been repaired. It cannot be for leaks of inside pipes, toilets, faucets, water heaters, etc. The adjustment will be figured based on average usage for the three (3) months prior to the leak.

Please fill in the form below and return to the Peaks Mill Water District office. Our office will contact you to inform you of the revised adjusted amount.

Date _____ Name _____
